YUERU LIN

New York, NY | (917) 412-7464 | aileenlin02@gmail.com

PROFESSIONAL SUMMARY

Finance and operations professional with an M.S. in Finance and hands-on experience across banking, accounting, month-end close, financial reporting, client service, compliance, and business operations. Strong Excel-based analytical skills with a track record of resolving financial and operational issues, coordinating stakeholders, and improving day-to-day processes.

PROFESSIONAL EXPERIENCE

Bank of America — New York, NY
Relationship Banker — Jul 2026 - Present

- Strengthen client relationships through needs-based conversations, identifying relevant banking solutions and connecting clients with lending, small business, and investment specialists.
- Support resolution of account and transaction issues by reviewing client information, coordinating with internal teams, and maintaining documentation and follow-up.
- Improve client access to digital banking tools while managing appointments, traffic, and competing service priorities.
- Process cash and banking transactions in accordance with operational procedures, risk controls, and regulatory requirements.

Venturant Group LLC — New York, NY
Accounting Intern — Mar 2026 - Jun 2026

- Supported month-end close across multiple restaurant entities through bank reconciliations, journal entries, AP/AR, payment processing, and financial-record reviews.
- Prepared and reviewed payroll, sales, and inventory-related entries and supported income statement and balance sheet variance analysis.
- Maintained intercompany, prepaid expense, accrual, gift card, and deferred revenue schedules and reconciliations.
- Resolved discrepancies with internal stakeholders and vendors using QuickBooks Online, BILL.com, Excel, and Google Sheets.
- Tracked outstanding items, deadlines, documentation, and follow-up activities; maintained records in Box.

The Dragon Pot Manhattan — New York, NY
Front of House Team Leader — Aug 2024 - Jul 2026

- Helped a newly opened location reach a 4.8 Google rating within three months by leading onboarding, training, scheduling, workflow coordination, and follow-up for a seven-member team.
- Improved operating efficiency by analyzing front-of-house workflow and labor needs and redesigning responsibilities.
- Calculated and reconciled weekly employee hours and tip allocations; analyzed sales, labor, inventory, and operating trends.
- Coordinated with government inspectors, addressed findings, and proposed corrective action plans.
- Developed holiday operating plans, coordinated staffing and promotions, and managed supplier communication and purchasing.

PROJECTS & INDEPENDENT EQUITY RESEARCH

BusinessFinance | Independent Financial Automation Project

- Built a bookkeeping MVP with rule-based journal entries, invoice tracking, depreciation, financial statements, and exception reviews.

MarketLens | Independent Market Analysis Project

- Built an options research simulator with Greeks-based P/L scenarios, liquidity checks, risk targets, and optional historical indicators.

Boston Properties (BXP) | Independent REIT Equity Research

- Built an FFO/share and P/FFO valuation framework; developed a $67 price target and HOLD view. Evaluated office-sector fundamentals, leasing conditions, valuation assumptions, and downside risks.

Micron Technology (MU) | Independent Semiconductor Equity Research

- Built a scenario-based DCF framework integrating revenue, CapEx, PP&E, D&A, and FCFF; reconciled historical disclosures and identified modeling differences.
